To Whom it may concern

My 4 year old male Labrador Prince and I
have successfully completed an 8 week
obedience class offered by Animal Behavior
and Training, Inc. Our trainer Rochelle Spizler
is just wonderful, her patience, knowledge and
very kind way of handling Dogs of all
breeds, sizes and moods are commendable.
She showed courage and wisdom as one
very troubled dog and ditto owner, was
very abusive in language and in the hand-
ling of his dog. Rochelle handled the
situation very well and the man apologized
before leaving after class. Rochelle truly loves
the animals and can get any dog to mind.
I highly recommend this class to anyone
who wishes to learn how to teach a dog
obedience
