To Whom It May Concern:

I have been acquainted with Rochelle Spiegler for approximately 2 years. I met her while attending her basic dog obedience class.

Rochelle really understands dog and people behavior. She works with you to better understand your dog so you can continue the training after class is completed. I have two large Akitas...a very large breed that can sometimes be aggressive and dominant. These dogs both pull when we walk. Rochelle was able to work with my dogs to get them under control. She also is knowledgeable with different training equipment.

In addition to dog training, Rochelle has also become my Pet and House sitter. We have used her many times and feel extremely lucky to have her. Our dogs love her and look forward to seeing her every time...they even "request" her! She goes out of her way to make sure "all is well with both the house and the dogs.

I highly recommend Rochelle in any capacity dealing with animals and people, whatever the task, she is ready, willing and VERY able.!!

Please feel free to call me if you have any further questions regarding recommending Rochelle Spiegler.

Sincerely,

Danny Justin
