Dear ABTA Dog Training + Rochelle Spiegler
It has been my pleasure to complete
2 dog obedience courses offered through
your company. I initially enrolled in
the course because my 2 year old dach-
sund "Jake" had the bad habit of
bolting out the front door and into
the street, and I was concerned
for his safety as he is an important
part of our family. Through attending
the class, I learned the answer to
this and many other problems
(housebreaking, chewing, jumping, obesity
etc.) I was impressed by the scope
of knowledge exhibited by the trainer.
I have learned a multitude of tips
to use at home. I have had the op-
portunity to attend more of Rochelle's
classes than those of other trainers.
Rochelle is a true dog lover, and
teaches the importance of giving
abundant loving praise. Rochelle had
a positive attitude toward each dog +
his/her progress. I found her to be
refreshingly realistic + down to earth,
as well as fun to be around (on our
last session we were a doggy "Drill team"!).

Thank you for providing a
valuable service to dog owners +
their pooches.
